09:15 **INTERACTIVE DISCUSSIONS AND SHARING EXPERIENCE AMONG TEACHERS.**
Each work group will be moderated by a member of the ARTIFEX team.

Focus will be on questions raised during the project such as:

- > How well does learning in innovative out-of-the-classroom learning environments fit in the national curriculum?
- > Are teachers confident in teaching 21st Century skills such as entrepreneurship, creativity, problem solving ...
- > How to assess for instance creativity or problem solving?
- > Are teachers confident in handling the technical equipment of Fablabs/makerspaces?

12:00 **LUNCH** in the conference room

13:00 **FLOWER GARDEN** (UNESCO World Heritage),
walking distance from meeting place

15:30 **PLENARY SESSION**
Presentation of notes from discussions
Evaluation of event
Q&A

17:00 **VISIT OF KROMĚŘÍŽ CHATEAU**
guided tour and dinner in the halls of Chateau

LOCATION

of the conference

OLMOUC- INTERACTIVE SCIENCE CENTER OF PALACKY UNIVERSITY

The Palacký University Interactive Science Centre is an oasis of science.

It combines the unique atmosphere of the place and the power to educate and inspire students and both children and their parents. The architecturally exceptional building served as an artillery depot in the 19th century. However, in 2015, the fort finally became a haven for knowledge.

© Kromeriz City

CITY OF KROMĚŘÍŽ

Kroměříž is located in Moravia, the Eastern part of Czech Republic. Kroměříž is one of the most beautiful cities in the Czech Republic. The picturesque historical city with town houses and arcades, the monumental archbishop's chateau, the wonderful gardens spreading out around this and the archbishop's cellars with their unique wine. This is the Athens of Haná, a city of which the splendour and spectacular beauty have secured a place on the UNESCO world heritage list. www.kromeriz.eu/en/
